This Association is an equal opportunity provider and employer.

Residential Energy Efficiency Rebates Use Less. Conserve More.

MVEA's rebate program is a great way to start putting energy efficiency to work for you.

- Induction Cooktops
- Smart Thermostats
- Refrigerator Recycling
- Electric Heat Pumps
- Whole House Fans
- Evaporative Coolers

Electric Outdoor Power Equipment Rebates Low Noise. No Gas. Go Electric.

Experience the benefits of making the switch from gas to electric powered outdoor power equipment: low noise, zero gas, zero emissions, and low maintenance.

Mower (Walk-Behind or Riding), Snow Blower, Electric Bicycle, Leaf Blower, Chainsaw, Power-Washer, Pruner, Trimmer

Electric Vehicle Charging Equipment Rebates to Recharge From Your Home

MVEA offers rebates to help offset the cost of EV Charging Equipment. Skip the trip to recharge. Get home, plug in, and charge up!

For new product purchases only. **Eligible refunds must be submitted within 90 days of purchase. Rebate requests take 4-8 weeks to process and will reflect on your MVEA bill as a credit.** Rebate requests must include itemized payment receipts (including product model number). Rebates may also require EnergyStar® certification and documentation. Effective through December 31, 2026. Rebate program and products subject to change without notice. **Visit www.mvea.coop/rebates to complete an online application form and for the most current list of rebate products.**

PRODUCT	SPECIFICATIONS & REQUIREMENTS	REBATE OVERVIEW
Residential & Small Commercial		
Electric Appliances & Recycling	<ul style="list-style-type: none"> • Eligible new appliances include: clothes dryers and induction cooktops • Clothes dryers must be ENERGY STAR® certified • Induction cooktops must have minimum surface width of 30 inches to qualify <ul style="list-style-type: none"> • Replacement of existing gas cooktop/range units require verification; photographs of the old unit are sufficient. • Eligible appliance recycling include: refrigerators and freezers, maximum 2 units per year per member account 	<ul style="list-style-type: none"> • \$30/electric resistance clothes dryer • \$90/electric heat-pump clothes dryer (a.k.a. ventless) • \$60/refrigerator or freezer recycle (max \$120 per member account per year) • \$350/induction cooktop in new construction • \$350/induction cooktop replacing propane or natural gas (requires photo of old cooktop) • \$100/induction cooktop replacing electric
Smart Thermostat	<ul style="list-style-type: none"> • Thermostat must be installed at member account • Limit of 2 thermostats per member account for standard/low-voltage applications • Limit of 5 thermostats per member account for line-voltage applications • Standard/low-voltage thermostats must be ENERGY STAR® certified 	<ul style="list-style-type: none"> • \$25/thermostat • \$50/thermostat if enrolled in a managed program • Managed programs include member system led demand response control or time of use electric rate
Whole House Fan	<ul style="list-style-type: none"> • Replacement or new installations • Attic ventilation systems do not qualify <ul style="list-style-type: none"> • Contact MVEA to verify your purchase qualifies as a whole house fan. • Limit 2 per member account 	<ul style="list-style-type: none"> • \$100/unit
Evaporative Cooling	<ul style="list-style-type: none"> • Replacement or new installations • Minimum airflow of 2,500 CFM • Permanent installations only, no portable or window units • Limit 2 per member account 	<ul style="list-style-type: none"> • \$200/unit
Electric Resistance & Heat-Pump Water Heaters	<ul style="list-style-type: none"> • 30 gallon minimum size requirement • Electric resistance units must meet one of the following: <ul style="list-style-type: none"> • Replacing propane or natural gas • \$50/unit for demand-response capable or member-managed water heater program • New construction • Heat-pump water heaters must be ENERGY STAR® certified 	<ul style="list-style-type: none"> • Electric resistance water heater rebates: <ul style="list-style-type: none"> • \$50/unit when replacing propane or natural gas water heater • \$50/unit for demand-response capable or member-managed water heater • \$30/unit for new construction • \$350/unit for air source heat pump water heaters
Electric Thermal Storage & Slab	<ul style="list-style-type: none"> • Minimum qualifying load for ETS is 1kW 	<ul style="list-style-type: none"> • \$16/kW for ETS units controlled by timers or master control system • \$12/kW for thermal slabs controlled by timers or master control system

For new product purchases only. **Eligible refunds must be submitted within 90 days of purchase. Rebate requests take 4-8 weeks to process and will reflect on your MVEA bill as a credit.** Rebate requests must include itemized payment receipts (including product model number). Rebates may also require EnergyStar® certification and documentation. Effective through December 31, 2026. Rebate program and products subject to change without notice. **Visit www.mvea.coop/rebates to complete an online application form and for the most current list of rebate products.**

PRODUCT	SPECIFICATIONS & REQUIREMENTS	REBATE OVERVIEW
Residential & Small Commercial		
Electric Heat Pump: Air-Source (Ducted, Ductless & Radiant)	<ul style="list-style-type: none"> • Minimum eligibility (Ducted and Ductless): ENERGY STAR® version 6.1, minimum standard 7.8 HSPF2 • Incentive amount is the lower of stated rebate or 50% of equipment cost • AHRI certification and/or number required • Manufacturer and model number required 	<ul style="list-style-type: none"> • \$500 for systems equal to or less than 1.5 tons (18,000 BTUs) • \$1,500 for systems greater than 1.5 tons (18,000 BTUs) • \$500 bonus for ducted systems with propane or natural gas back-up heating (back-up heating system must be capable of conditioning a minimum of 50% of home or building space when outdoor temperature is 17 degrees Fahrenheit) • All air-to-water radiant systems: \$500/ton
Electric Heat Pump: Ground-Source	<ul style="list-style-type: none"> • New ground source heat pump systems and replacement heat pumps are eligible • AHRI certification and/or number required • Manufacturer and model number required 	<ul style="list-style-type: none"> • \$500/ton for new installations • \$250/ton for existing unit replacement
Electric Vehicle Chargers	<ul style="list-style-type: none"> • All equipment and installation costs are required to be submitted on one application • One rebate per installed charger; multiple charge ports do not qualify for multiple rebates • Managed charger programs include member system led demand response control or time of use electric rate • Photo of installed EVSE equipment and circuit in service panel required • To be eligible for the electrical installation portion of the rebate requires use of and receipt from an electrician • Residential members are limited to 2 chargers per member account • Replacing an existing charger counts toward the limit of 2 chargers per member account and is ineligible for the electric installation portion of the rebate 	<p>Level 2 (L2) – No retail sale or fee collection capability</p> <ul style="list-style-type: none"> • Up to 50% of installed cost maximum of \$250 (rebate maximum split up to \$125 for charger and up to \$125 for electric service) for non-managed chargers • Up to 50% of installed cost maximum of \$1,000 (rebate maximum split up to \$500 for charger and up to \$500 for electric service) for managed chargers <p>DCFC and L2 – Retail sale or fee collection capable</p> <ul style="list-style-type: none"> • 50% of total equipment and installation costs up to \$1000 for L2 • 50% of total equipment and installation costs up to \$3000 for DCFC rated between 50–75 kW • 50% of total equipment and installation costs up to \$5000 for DCFC rated between 76–149 kW • 50% of total equipment and installation costs up to \$7500 for DCFC rated 150 kW & above
Outdoor Power Equipment Electrification	<ul style="list-style-type: none"> • Battery and corded electric equipment only • Members limited to one rebate per product except e-bikes • An aggregated maximum rebate of \$300 per member account excludes riding lawn mowers • All eligible equipment is listed to the right; if the rebate is not listed, equipment is not eligible for rebate • Must provide an itemized sales receipt showing the model number and proof of payment • Minimum purchase of \$50 required 	<ul style="list-style-type: none"> • 25% of cost up to \$1000 for riding mower • 25% of cost up to \$250 for 2-stage snow blower • 25% of cost up to \$150 for snow blowers, walk-behind mowers and e-bikes • 25% of cost up to \$100 for chainsaws • 25% of cost up to \$50 for trimmers, leaf blowers & power washers • 50% cost up to \$25 for addt'l. batteries with original purchase/application (limit 1 addt'l. battery per product)

For new product purchases only. **Eligible refunds must be submitted within 90 days of purchase.
