8.0 MISCELLANEOUS

8.1 RESALE

The retail member to whom the Association is providing electrical service will be the ultimate member with no energy being resold by the member to any third party.

8.2 ASSIGNMENT

Subject to these tariff provisions as they may be changed from time to time, all contracts made by the Association will be binding upon and inure to the benefit of the parties, their successors and assigns, heirs, personal representatives, executors, and administrators, of the parties thereto.

8.3 NO PREJUDICE OF RIGHTS

The failure by the Association to enforce any of the terms of these tariffs will not be deemed as a waiver of the right to do so.

8.4 ACCIDENT INFORMATION

All accident reports submitted to the directors by the Association will be treated by the directors, the Chief Executive Officer (CEO), Department Heads and employees as confidential and will not be made available to the public.

8.5 CONSTRUCTION REQUIREMENT

The electric plant of the Association will be constructed, installed, maintained and operated in accordance with United States Department of Agriculture Rural Utilities Services (RUS) standards and accepted engineering practice in the electric industry to assure, as far as reasonably possible, continuity of service, uniformity in the quality of service furnished and the safety of persons and property.

8.6 INSPECTION OF PLANT AND EQUIPMENT

The Association will inspect its plant and facilities consistent with accepted standards and establish a maintenance program so that its facilities will be maintained in proper condition for use in rendering safe and adequate service to its members.
