Operation Round Up® 2024 Annual Report

When we all work together, great things happen! Operation Round Up was formed to assist charitable organizations, communities with special needs, and individuals who have suffered from loss, personal disaster or medical emergencies. It is completely funded by MVEA members who voluntarily round up their bill to the nearest dollar. The average member contribution is 50 cents a month or \$6 a year, but members never donate over \$11.88 a year. This amount may not seem like much, but when multiplied by the nearly 26,500 MVEA accounts that are enrolled in the program, the fund can turn a little bit of spare change into a BIG difference.

Since it was incorporated in 1999 and started collecting funds in 2000, the MVEA Operation Round Up fund has collected more than \$3.9 million as of December 31, 2024. Through the generosity of MVEA's members who choose to participate in the program, over \$100,000 is invested back into the co-op community every year. The figures shown are as of December 31, 2024, and represent the fiscal years of 2024 and 2023 as well as the history of the fund since incorporation in 1999 through 2024.

Thank you to all of MVEA's members who have opted in to support their communities and those in need through Operation Round Up. If you, or someone you know, needs a helping hand through challenging times, visit www.mvea.coop/round-up for grant qualifications and to apply for funds.
